The HI SAVIN service is powered by VINE®

What will VINE do for me?

VINE will tell you if an offender is in jail/prison and will give you other important custody information. VINE will also let you leave a phone number where you want to be called automatically when that offender is released, transferred, or escapes.

What do I need to do?

1. Call 1-877-846-3444 from a touch-tone phone and follow the instructions. You can also register for notification at www.vinelink.com
2. If the offender **is** in jail/prison, you can leave your phone number to be called when the offender is released. Enter the phone number where you want to be reached, including area code, followed by the pound (#) key.
3. When VINE asks, make up and enter a four-digit Personal Identification Number (PIN) that will be easy for you to remember. Write it on the back of this brochure or in a safe place.
4. When VINE calls, listen to the message, then enter your PIN when asked. Entering the PIN lets VINE know that **you** received the call and will stop the service from calling you again.

VINE:

Victim Information & Notification Everyday

- The offender will not know you are registered with VINE.

- If you are not home, VINE will leave a message on an answering machine. If there is no answer or if a message was left on a machine, VINE will keep calling back until you enter your PIN or until 48 hours have passed.
- Since VINE calls automatically when an offender's custody status changes, you may get a call from VINE in the middle of the night.
- Do not leave a phone number with VINE that rings to a switchboard.
- Do not depend only on the VINE service or any other single program for your protection. Make VINE part of your safety plan.
- You can leave more than one phone number with VINE.
